| ADVANCED ELECTRONIC DETECT AND ATTACK WARFARE SYSTEMS | COMPLEX MICROELECTRONICS FOR ADVANCED PAYLOADS |
| STATE-OF-THE-ART VISIBLE AND INFRARED IMAGERS THAT KEEP THE PEACE, FOSTER PROSPERITY AND EMPOWER DISCOVERY |

Great talent: engineering capabilities

Skilled systems, software, hardware and whole life engineering teams that focus on:

- Advanced payloads for unpiloted vehicles
- Industry leaders in compact electronic warfare systems
- Mechanically complex parts qualified for landing on U.S. Navy aircraft carriers and latest-generation fighters
- 25-plus test and development labs
- World leader in infrared imaging technology
- Innovative engineering and advanced manufacturing
- Multitude of semiconductor material systems covering short-wave through long-wave infrared
- Novel visible near-infrared imagers for earth resource applications

LIVING IN GOLETA

- Goleta is a suburb within Santa Barbara County, a cultural hub located on a coveted stretch of California's coastline
- Many employees live within 15 miles of campus and experience almost no traffic
- Goleta's climate ranges from low-to mid-70s, making it the perfect playground for a variety of land and sea recreation activities for all ages
- Over 20 public and private schools: six colleges and universities
- Annual events include Old Spanish Days Fiesta, Goleta Lemon Festival, world-famous Santa Barbara Film Festival, Earth Day Celebration, I-Madonnari Italian Street Painting and Summer Solstice
- Our facilities have on-site locker rooms and are within 10 minutes of golfing ranges, nearby beaches and hiking trails

Santa Barbara ranked #1 in the U.S. for quality of Life.

— U.S. News and World Report, 2019

Raytheon Technologies is an equal opportunity/affirmative action employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, creed, sex, sexual orientation, gender identity, national origin, disability or protected veteran status.
